1. Introduction

The Congregation, inspired by its foundress Victoire Larmenier, follows the Nazareth Way in that it is Gospel based, values driven, and committed to honouring and reflecting the Charism of the Sisters of Nazareth; our vision being '...whatever you did for one of these least brothers and sisters of mine, you did for me' Mt 25:40.

The Congregation of the Sisters of Nazareth (CSN) in partnership with Nazareth Care (NC) expects personnel to maintain the highest standards of ethical conduct. This includes conduct that upholds the human rights, dignity and well-being of all people and safeguards children and adults at risk from abuse and harm.

In Australasia our main ministry is with adults at risk, ensuring that all receive 'culturally safe care and services...recognizing, respecting and supporting the unique cultural identities...'.ⁱ CSN and NC promote this culture in safeguarding not only to our residents but all personnel, plus the wider community.

2. Purpose

The Code of Conduct establishes principles for ethical conduct and provides clear information about conduct by personnel towards children and adults at risk that is not acceptable.

Personnel have a responsibility to promote the standards embodied in the Code in addition to the teachings and values of the Catholic Church.

The Code also complements other documents of the Catholic Church:

- A path to Healing (Catholic Church in Aotearoa New Zealand)
<https://safeguarding.catholic.org.nz/wp-content/uploads/2020/03/A-Path-to-Healing.Edition-Feb-2020.pdf...>
- Australian Catholic Professional Standards limited <https://www.acsltd.org.au/>
- Integrity in Ministry. A document of Principles and Standards for Catholic Clergy and Religious in Australia June 2004
<https://www.catholic.org.au/documents/1344-integrity-in-ministry-2010-1/file...>
- Catholic Social teaching
<https://youtu.be/9zZAAaGLL30>

The Code should be read alongside CSN Safeguarding Policy and related documents including the CSN Risk Management Strategy and CSN Complaint Handling Policy and Procedure.

3. Scope

The Code of Conduct applies to all engaged by the CSN. Before commencing any role, CSN personnel must sign an acknowledgment that they have read the Code of Conduct, agree to comply with it, revisit not less than every three years to reaffirm their understanding of their obligations, and understand the consequences of breaching the Code.

The Regional Superior/Safeguarding Coordinator are responsible for ensuring that this occurs by maintaining appropriate records for sisters, novices, candidates and aspirants and those engaged by the CSN.

4. Ethical Conduct

CSN promotes the following principles:

- Acting respectfully at all times, including respecting cultural, ethnic, political and religious differences
- Taking an inclusive approach that does not discriminate against or harass any person because of their gender, sex, marital status, pregnancy, age, race, ethnic or national origin, physical or intellectual impairment or sexual orientation or gender identity. 7. Conduct Towards Adults at Risk

7.1 'Adults at risk' means any individual aged 18 years and over at increased risk of abuse, including those who:

- Are elderly
- Have a disability
- Have a mental illness
- Have diminished capacity
- Have cognitive impairment
- Are experiencing transient risks, e.g. bereavement, relationship breakdown, domestic or family violence, homelessness
- Have any other impairment that makes it difficult for that person to protect themselves from abuse or exploitation

7.2 Whilst taking care to not make assumptions or generalisations about individuals, the CSN recognises that other aspects of a person's identity or life experiences may also increase their risk of vulnerability to abuse or harm, e.g.:

- Being Aboriginal or Torres Strait Islander
- Being a refugee or migrant
- Diverse gender or sexuality
- Speaking a first language other than English
- Surviving sexual abuse or child abuse

7.3 Personnel must not engage in the following conduct:

- Any form of physical or sexual abuse
- Making excessive and/or degrading demands
- Exploiting an individual's vulnerability to form an intimate relationship
- Any misuse of authority or power that exploits, manipulates or coerces a person to engage in any activity, or which disrespects their human rights and dignity
- Lacking respect for a person's privacy
- Any form of financial abuse or exploitation

7.4 Personnel must:

- Report to the relevant leader or supervisor any concerning conduct that is brought to their attention and any circumstances where they suspect that an adult at risk is currently at risk or harm (see Section 8)
- Take reasonable steps to protect vulnerable adults from foreseeable risk of injury
- Ensure that physical contact with vulnerable adults is reasonable for the purpose of their care, and is appropriate given their age, health, disability or other characteristics. For example:
 - Physical contact should be consistent with any specific management plan for the person, and
 - Physical intervention (including physical restraint, removals or escorts) should be avoided and used only as a last resort to ensure safety and protection of the person and others
- Complete their duties in accordance with the directions provided by the CSN
- Consider the risks of proposed activities and tasks and develop strategies to manage these risks, and
- Adhere to an appropriate standard of dress when engaged in ministry

Generally, one-to-one interactions with an adult at risk should not take place unless in an open or visible space, or within the clear line of sight of another adult. This includes ministries, pastoral care, Communion in rooms, and/or services such as counselling, one-to-one tuition, the sacrament of reconciliation, coaching, spiritual direction and mentoring. ⁱⁱ However, this will depend on the individual's circumstances, preferences, and right to privacy. Prudent judgement is required on a case-by-case basis. Refer to Aged Care Standards, Standard 3 for personal and clinical care under relevant legislation.

8. Reporting Requirements

The CSN will comply with all requirements to report concerns about the safety of children or adults at risk to external authorities. These requirements are outlined in the Safeguarding Policy and include: Queensland, New South Wales, Victoria, Western Australia and New Zealand.

- As part of Governance the NC Board will receive a report update from the Safeguarding Coordinator each Board meeting plus any concerns that come up not in the report

To ensure CSN can fulfil these reporting requirements, personnel must report any concerns about the safety of children or adults at risk through CSN reporting protocol or if applicable as per the NC policy.

9. Equity and Inclusion

CSN Personnel are expected to create a fair, inclusive and safe working environment where diversity is valued and where unlawful discrimination, bullying, harassment and victimization in any form are considered unacceptable. Personnel must not discriminate against any person on the basis of cultural or linguistic diversity, disability, gender identity or sexuality, or any other aspect of their identity.

10. Gifts, Benefits and Hospitality

CSN Personnel have a responsibility to behave with integrity and impartiality. Personnel must not solicit gifts, benefits or hospitality that might in any way compromise or influence them directly or indirectly in their capacity as personnel. Personnel must declare any gifts, benefits or hospitality as per the Constitutions of the CSN (Addendum resolution 2, 3 & 4.)

11. Conflicts of Interest

- 11.1 CSN Personnel have an obligation to ensure that conflicts of interest (whether financial or otherwise) are managed in a fair, ethical and transparent manner. The potential for a conflict of interest arises when personnel have private interests that could influence, or appear to influence, judgements made during the course of their professional duties. They also arise when there is a reasonable expectation of a personal benefit, direct or indirect, that could influence the performance of personnel's duties. This benefit may be financial or non-financial
- 11.2 CSN Personnel must:
 - a) Conduct themselves in a manner which is consistent with the values of the CSN
 - b) Be objective, open and honest, making recommendations or decisions with integrity and accountability and in a way that best serves the interests of the CSN

- c) Declare all private interests (including pecuniary and non-pecuniary) that conflict or may conflict with the discharge of their responsibilities to the CSN
- d) Ensure all decisions are free of bias or apparent bias
- e) Behave with integrity and impartiality
- f) Ensure all processes are transparent and documented

It is recognized that the giving and receiving of gifts and hospitality have an important role to play in the Church. However, it is important to ensure that these practices do not give rise to conflicts of interest, the misallocation of resources or impact on the reputation or work of the CSN. As noted in section 10, CSN personnel must declare any gifts, benefits or hospitality consistent with the requirements above.

12. Fit and Proper Assessment

Personnel responsible for the management and oversight of CSN must be able to demonstrate they have relevant qualifications, training or experience in order to undertake their duties in the management of finances and resources and be considered 'fit and proper' for this role. This could include maintaining relevant memberships with professional bodies, registrations, qualifications and certifications.

13. Secondary Employment

Personnel must undertake their duties with the highest degree of integrity and free from any safety risks, conflicts of interest or contractual breaches resulting from other paid employment.

In most cases, secondary employment will not impact a person's role with CSN. However, at other times, secondary employment could lead to a potential conflict of interest. Personnel should discuss with CSN before engaging in any secondary employment or business activity unless some other requirements govern an employment arrangement that prevents this from being necessary.

Personnel may engage in voluntary work, as long as this work does not present a potential or actual conflict of interest.

14. Management of Resources

Personnel must be careful, ethical, efficient and economical in their use and management of CSN resources, including work time. Resources include (but are not limited to) money, facilities, equipment, vehicles, services (e.g. internet). Resources should only be used for their intended purpose, well maintained and secured against theft or misuse.

Personnel are accountable for the appropriate use of working hours and resources. Employees should not use CSN working hours or resources for an outside interest, secondary employment or personal gain.

Personnel have a duty to report any improper use, waste or abuse of resources, corrupt or fraudulent conduct or inadequate administration or accountability through CSN or NC protocols where applicable.

15. Social Media

Personnel must exercise caution when using social media platforms for personal purposes outside their work hours. Employees are expected not to make disparaging or offensive comments on social media about CSN, the Catholic Church, clients or colleagues.

16. Confidentiality

Personnel must not divulge, either during employment or after, the confidential information of CSN.

Personnel must respect the privacy and confidentiality of any person who reports safety concerns about a child or adult at risk except where legislative or statutory requirements override this as outlined in the Safeguarding Policy.

17. Protected Disclosures

In reporting any suspected improper use, fraud, waste or abuse of resources, corrupt conduct, inadequate administration or accountability, personnel will be protected as far as reasonably practicable against victimization and retaliation as result of a disclosure. Personnel are not entitled to protection for disclosures which, on investigation, are found to be vexatious or malicious allegations, and may be liable for disciplinary action as a result. For more information see the *CSN Complaint Handling Policy and Procedure*.

18. Breaching the Code

Breaches of this Code of Conduct should be referred to the responsible authority. Where a member of the CSN Community, an employee, volunteer, or contractor experiences a breach of the Code either in community or place of ministry, contact should be made with the Regional Superior who as the appropriate authority will respond to any matters which relate to serious misconduct, with concern for justice and healing for all involved.

19. Reviewing the Code

The CSN Code of Conduct will be reviewed at least every three years or whenever a breach is identified. The Safeguarding Coordinator for CSN is responsible for ensuring the review is completed.
